Designing the face

1. Pop the oval doll's eyes into the white crochet eye pieces.
2. Deciding where Doraemon's face is: The white part of the head should be facing towards you. Make sure the colour jog that happened during the colour switch is positioned at the bottom of the head. Stitch the eyes in the centre, approximately onto Round 7 to 11 of the head.
3. Pop in the red brad for the nose (mine falls on Round 6).
4. I used black crochet thread to sew on the whiskers and lips: the nose line should extend from Round 6 (at the bottom of the nose) vertically all the way to Round 5 at the bottom. I used a little craft glue to hold the lips in shape.
5. Sew on the white and pink cheeks.

Assembly

1. Stitch head and body together.
2. Stitch tummy onto the body.
3. Stitch pocket onto the tummy.
4. Stitch arms onto the sides of the body.
5. Stitch on the collar.
6. Attach the bell.

7. Stitch on the feet.
8. End with the tail at the back.
